## THE OCTOPUS WINS

Big Knockout for Some of the Busy Suit Bringers

For quite awhile lawyers in various parts of Kentucky have been busy bringing suits against Mr. Rockefeller for peddling his festive illuminant without paying the license demanded by his fellow dibranchiate cephalopods.

At yesterday's session of the Court of Appeals, however, Judge Barker delivered an opinion affirming judgments of the Jessamine and Henry Circuit Courts in six cases of the Commonwealth against the Standard Oil Company and reversing the Breckinridge Circuit Court in a case of the Commonwealth against the Standard Oil Company.

The decisions are a big victory for the Standard, against which more than one thousand indictments had been returned in this section of Kentucky for peddling oil without a license. The ruling of the Court in the cases is that there can be but one fine on an indictment in each license year, and that such conviction is barred against prosecution of further indictments.

The Standard Oil Company was indicted, charged with retailing oil from a wagon without having first secured the license for peddlers required by Section 4,224 of the Kentucky Statutes. The question presented for adjudication is whether such unlicensed sale from the wagon constitutes a separate offense, or whether the offense consists of operating the wagon without a license for the license year involved and is therefore a continuing one which may not be split up by separate indictments covering the same period of time.

## NOT ENOUGH EVIDENCE

And the C. and O. Conductors Were Acquitted at Quincy

Messrs. J. M. Waldron and S. D. Hall, the local freight Conductors on the C. and O. Rail road who were arrested at Quincy, charged with blocking road crossings, were tried there Monday before Police Judge William Liggett and were acquitted.

The evidence adduced amounted to nothing, as the crossings are used but very little, and it was brought out that on several occasions, when a vehicle came in sight the trainmen had cut their train and allowed it to pass without a moment's delay.

Such behavior of town officials, especially a place as small as Quincy, toward a corporation of any sort doesn't do the place any good, but it works harm to it, and the sooner the hamlets find it out and treat the railroad people half way decent the better off they will be.

## COME AGAIN, BOYS!

Attempt Last Night to Enter Editor's Residence in West End

Some time during last night an attempt was made to enter "Riverview," the West End residence of Editor Thomas A. Davis.

The would-be burglar evidently had the necessary tools, for he punched several holes in the wire screen at one of the front windows, then slashing the wire at right angles in the lower corner and turning it back so as to admit his hand.

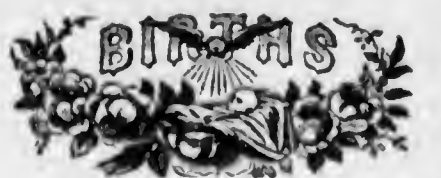

However, he found the window so securely fastened that to force it would have occasioned alarm, and he departed, leaving only a number of muddy tracks on the porch and steps, made by a pair of No. 6 bare feet.

Now, if the visitor will kindly return, and will ring the doorbell, the diamonds and 20 \$ gold pieces that an Editor always has in stock will be handed out to him with pleasure.

## THE STREET FAIR

Big Crowds on the Streets of the City Yesterday

Yesterday was the second day of the Street Fair given under the auspices of Wyandotte Tribe No. 3, I. O. R. M., and in point of bringing people out on the street it was very much a success.

A parade had been advertised as one of the features of the day, of which Jimmie Outton and his mule Maud were the whole show.

The attractions located on the principal streets in the center of the city were well patronized, both during the day and last evening. The weather remaining favorable the city will be crowded with visitors during the remaining days of the Fair.

THE man who makes the saloon-keeper rich makes his own family poor.

THE chief objection to the entry of Chinese into this country lies in fact that they work, attend to their own business—and don't vote.

It is said that the late unlamented Tom CAMPBELL left an estate of \$250,000—most of which was stolen from clients, chiefly unsuspecting women.

If you want a cat to stay at your home rub its paw on the stove, is an old superstition. However, the surest way is to cut off kitty's tail off just aft of her left ear, and then soak the tail in vinegar in the Southeast corner of the cellar. If this fails after three trials, try something else.

THE strike at Chicago apparently has resolved itself into a test of endurance, both sides declaring they have reached the limit as far as hope of settlement is concerned. Meantime, the Walking Delegates draw big salaries, wear diamonds, swill beer and smoke ten-centers, while the wives and children of the strikers want for bread.

THE contest for Representative in Fleming county has reached a mud-slinging stage that, thirty years ago, would have called for shot-guns—or a footrace. If the charges preferred against one candidate are true, his election would disgrace the county; if they are untrue, the man who instigated them deserves the contempt of every honest citizen.

THE Cynthiana Democrat says the Eleventh District affords the only Republican "cinch" in Kentucky. What about the Ninth? When Judge BENNETT beat JIM KENON, he unquestionably beat the strongest man the Democrats have in the District; and as JIM has quit politics to engage in an honest business, it looks very much as if Judge BENNETT will succeed himself in Congress, if he so desires.

ACTION will be begun within the coming week in the Passaic county Courts at Paterson to prove that the estate of the late T. C. CAMPBELL is not insolvent, as asserted by the appraisers, but is worth at least \$250,000.

MR. CAMPBELL is the Attorney who figured in the prosecution of the alleged murderer of Governor GOEBEL of Kentucky. He came East when he found that it was unsafe for him to continue to live in Kentucky, and made his home in Clifton, N. J. A year ago he started on a cruise. He was shipwrecked off the coast of Florida, and died from exposure.—New York Herald.

Even a "yaller" newspaper could not have gotten more misinformation within the same space.

When GOEBEL was killed, he was no more "Governor" of Kentucky than he was of New York.

Thank the LORD, CAMPBELL never lived in Kentucky, and his presence never polluted the atmosphere of this state until he was brought here by the GOEBELS to do the dirty work that no decent man would undertake;

It was Cincinnati that gave him a "ticket-of-leave," at the end of a criminal career "under the forms of law" that cost that city a riot, some sixty lives and \$4,000,000 in property in 1884;

He wasn't shipwrecked off the coast of Florida, but off an island in the Caribbean Sea.

With these exceptions The Herald is right.

## Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish War know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors, but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all Druggists.

## FIGURES SHOWING PRODIGIOUS COST OF WAR TO DATE

Statistics of the war loans issued by Japan and Russia are appended, with comparisons of the daily war expenses and of the public debts of both Nations. Exclusive of losses in material and ships, it would appear that nearly \$737,000,000 already has been expended by both countries in carrying on hostilities, and that the war expenses of Japan are about \$203,000,000 less than those of the Czar's Government. The loans obtained by Japan also are \$270,000,000 less than those procured by Russia.

\*To be expended in Germany in constructing war vessels. According to the estimates of M. Dru, the financial expert of The Echo de Paris, the cost of the war to Russia for the year ended February 14th last was \$365,000,000. Figuring on the same basis for the 105 days since elapsed, the war to date has cost Russia—exclusive of ships and material destroyed—\$470,000,000.

Excess of Russian Expenses Over Those of Japan.....\$203,000,000

The figures that are obtainable as to Japanese expenses show that up to the end of July last—the first six months of the war—the outlay for hostilities was \$100,000,000. On the same basis the cost for the ten months since elapsed would be about \$167,000,000, making the total war expenses to date \$267,000,000.

Shall It Be Governor Harlan?

NEW YORK, N.Y.

Since 1877 the Hon. John Marshall Harlan of Kentucky has been an Associate Justice of the Supreme Court of the United States. He is seventy-two years of age, and has spent twenty-eight years of his life as a member of the highest judicial tribunal in the world.

A native of Kentucky, Justice Harlan began his political life as a Whig in that state, and served as Colonel of the Tenth Kentucky Regiment and as Attorney General. In 1871 and again in 1875 he was the Republican nominee for Governor. Each time he was defeated. In 1872 Kentucky urged his nomination for Vice President in the Republican National Convention. Henry Wilson of Massachusetts got the nomination. According to Justice Harlan's friends, he now desires to round out his public career by serving a term as Governor of Kentucky. It is an honorable ambition, and it does not seem impossible of fulfillment.

In 1895 Bradley, the Republican candidate, was elected Governor over Hardin, Democrat, by a plurality of 9,000 in a total poll of 235,000. In the following year the Republican Electors, with one exception, carried the state, the McKinley plurality being 281 in a poll of 436,061. In the following year the Democrats elected their candidate for Clerk of the Court of Appeals by a plurality of 18,000, the total vote being 347,000. In 1899 Taylor, Republican, received a plurality of 2,400 for Governor over Goebel, Democrat. Later Goebel was assassinated and Taylor was unseated by the Democratic Legislature. J. C. W. Beckham, the Democratic Lieutenant-Governor, being raised to the Governor's chair.

In the next Presidential election McKinley lost the state to Bryan, whose plurality was 8,000. In the same year Beckham was elected Governor over Yerkes, his plurality being about

4,000. In 1903 Beckham was again elected, defeating his Republican opponent by a plurality of 27,000. Parker, Democrat, carried the state by 12,000 in 1904.

A study of the changes that have taken place in Kentucky politics and of the conditions which now exist in the state suggests that a candidate of Justice Harlan's parts and standing running on a Republican platform and receiving the support of the united Republican organization would have a good chance of success. It is true that Kentuckians take their politics more fiercely than do the residents of some other states. But Justice Harlan, at Washington, has escaped embroilment in the numerous petty disputes that have affected the citizens of his state who remained at home, and this fact would weigh in his favor.

Of his ability, his high honor and his worthiness to fill the office of Governor of Kentucky his most virulent opponent could make no serious question, and the campaign conducted by him would be on a higher plane than those that have been waged of late in that strenuous state.

River News

Fog this morning delayed the packets.

The repairs to the steamer Courier are about completed.

The Keystone State will be down today from upper points.

The Monongahela, Allegheny and upper Ohio rivers are rising.

The United States Snagboat E. A. Woodruff is tied up at Cincinnati for minor repairs.

There are about 5,000,000 bushels of coal loaded in the Pittsburgh harbor ready for shipment.

The Boaz, Tornado, Oakland and G. W. Thomas have arrived at headwaters with tows of empties.

The Jim Wood is hard aground at Straight Creek near Wheeling, and the Sam Clark is laid up at Wheeling.

The packets are now doing a larger passenger than freight business. Half the passengers are round-trip excursionists.

Packet boat operators are endeavoring to have a reduction made in the wharfage fee at many of the boat landings between Cincinnati and Pittsburgh.

The Ed Roberts was the flagship of the Pittsburgh coal fleet. Most of the towboats have reached Cincinnati and Louisville and will be rushed back to headwaters with empties, which are badly needed.

President O'Reilly of the Board of Public Improvements at St. Louis has closed a deal with the Barrett Towboat Company of Cincinnati for the use of three barges, two of them 160x30 feet and the other 140x30 feet, for which the city pays \$10 a day each for thirty days and \$7.50 a day each for every day thereafter. The barges will be used for towing garbage to Chelsea Island.

There is a slight rise on in the river here.

Mike Donahue, deckhand on the towboat Dave Wood, became suddenly insane above Gallipolis, went to the pilot-house and attacked Pilot Ed. Pugh and Mate Harry Elliott. After a desperate struggle in which the pilot-house was nearly wrecked, Donahue jumped overboard and was drowned.

The late Mrs. Rachael Evans was insured with Colonel Rosenham for \$50.

For real dirty washing—kitchen sinks, pots, kettles, greasy overalls and the like—there is no soap quite equal to EASY TASK. Beats the sticky, disagreeable, ill-smelling yellow soaps all hollow, as any house keeper who has used it will tell you. And it costs no more, 5c at all grocers'.

**TIME IS THE TEST.**

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon find out when misrepresentations are made, and merit alone will stand the test of time.

Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for.

W. H. Paul, carpenter by trade, living at 323 East Third street, Maysville, Ky., says:

"I value Doan's Kidney Pills as highly today as I did when I first used them in 1899. I got a box of them and used it for pain in my back and other evidences of a disordered condition of the kidneys which had given me much trouble for two years or more. This remedy acted promptly and I was soon cured. I did not notice any of the difficulties until some four years later or about a year ago. I again procured Doan's Kidney Pills at J. Jas. Wood & Son's Drugstore and all symptoms of the trouble were quickly and thoroughly removed. Since then I have not noticed any signs of trouble of any kind arising from my back of kidneys. I most cheerfully re-indorse Doan's Kidney Pills for they are certainly worthy of recommendation."

For sale by all dealers. Price 50 cents a box. Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.
